

**b. Objective: To develop consensus as to workshop goals and objectives**

**Equipment**

- ✓ Overhead projector
- ✓ Overhead markers

**Materials**

- ✓ Overhead 2 “Workshop Benchmarks”

**a. Workshop Benchmarks**

Using Overhead 2, discuss:

- What does the word “benchmark” mean? (*mark cut in a rock, concrete post, etc. by surveyors for use in measuring comparative levels*)
- Do you agree with these goals?
- Will these outcomes meet your expectations/needs?
- Would you make any changes to these goals?

## **WORKSHOP BENCHMARKS**

**By the end of the workshop, you will have:**

- 1. used the Internet to find labour market information**
- 2. looked at the regulations governing automotive service technicians in Ontario and Canada**
- 3. assessed your own status in the certification process**
- 4. gained a better understanding of the labour market trends affecting the trade today**
- 5. identified possible training and employment options for yourself**
